

# Planting seeds of change since 2010.

## Who We Serve

Our **Mission** is to provide fresh, locally grown produce to the food insecure families as well as encourage self-sufficiency by educating our community in gardening and the importance of local growers to the economy.

The St. Francis Vegetable Garden is a dynamic and proactive way to assist those with food insecurity issues. It teaches those who are willing, to grow their own gardens to assist with food shortages. The garden also grows food and provides fresh vegetables for the TCU foodbank to hand out to its clients, thus reducing the cost and providing more nutritional food to this community. In addition, the garden offers an alternative means of community involvement, as it provides another means of volunteering.

## Making an Impact

Thanks to the incredible support of our community, St. Francis donated over **20,000 lbs** of produce to local food banks in 2024—**DOUBLE** the amount of the year before! That means **5,000** families facing food insecurity received fresh, homegrown produce. Together, we continue to GREYX hope, health, and a stronger community. Your support stays local and makes a real difference for **your neighbors**.

## Our Locations

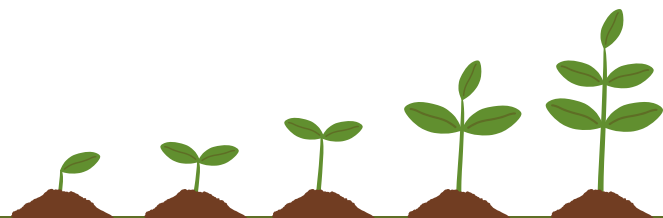

We have partnered with local businesses and organizations to build 4 garden locations throughout Terrebonne and Lafourche parishes. These include Bayou Blue, TARC, Thibodaux and the Houma Main Library. You can find more information about these at **stfrancisvg.org**. As the need grows, we continue to expand our reach.

## Sponsorship Opportunities

With the increased need (evident by the staggering number of food insecure and low-income families in our area) we need your help to keep up this momentum. Please look over our "Sponsorship Opportunities". St. Francis Vegetable Garden is a 501c3 non-profit organization.

Simply complete the attached form with your sponsorship check. We will be in contact to secure your logo as well. We look forward to proudly displaying your partnership at the garden(s) of your choice. Together we are making a difference everyday. If you have any questions please feel free to call (985) 851-5523.

**With a little dirt, a lot of love, and a passion for feeding our neighbors, we're planting seeds of change—one harvest at a time!**

# Thank you in advance for your support!

# 2025-26 Sponsorship Opportunities

Continuing to GRE AUX with your support!

## We are excited to partner with you!

Please fill select your level and location below, showing your financial commitment. Thank you in advance for your donation and garden sponsorship. We appreciate you!
